

Briefing Notice

Join us for a briefing on the findings of the
2021 Sustainable Energy in America Factbook

Get a Comprehensive Look at the Impacts of COVID-19 on the Energy Sector

**Friday, March 12, 2021
2 PM – 3:30 PM**

Please RSVP to expedite check-in: www.eesi.org/031221factbook#rsvp
Live webcast will be streamed at: www.eesi.org/livecast

Hosted in coordination with:
Senate Renewable Energy & Energy Efficiency Caucus

Sponsored by:
Business Council for Sustainable Energy and Environmental and Energy Study Institute

The ninth edition of the *Sustainable Energy in America Factbook*, published by **BloombergNEF (BNEF)** and the **Business Council for Sustainable Energy (BCSE)**, was released on February 18, 2021, and is available to download at www.bcse.org/factbook. The *Factbook* provides updates on industry information and trends for the U.S. energy economy, with an in-depth look at the energy efficiency, natural gas, and renewable energy sectors, as well as emerging areas such as digitalization, micro-grids, offshore wind, hydrogen, and renewable natural gas.

Welcome

Daniel Bresette, Executive Director, Environmental and Energy Study Institute
Lisa Jacobson, President, Business Council for Sustainable Energy

Overview of Factbook and Key Findings

Melina Bartels, Power Associate, BloombergNEF

Panel Discussion: Latest Industry Trends

Charles Hernick, Vice President, Policy and Advocacy, Citizens for Responsible Energy Solutions (CRES) Forum
Ben Evans, Vice President, Public Affairs, Alliance to Save Energy
Bryn Baker, Director, Policy Innovation, Renewable Energy Buyers Alliance (REBA)
Allison Hull, Director, Federal Government Affairs, Sempra Energy

This edition will look back on year-on-year dynamics, with a focus on how COVID-19 business conditions impacted U.S. energy markets as well as the trends of the past several years. The speakers will assess several core benchmarks—deployment, technology innovation, policy, emissions, and jobs. Despite a very volatile period, the clean energy sectors demonstrated the resilience of the energy system overall.

This event is free and open to the public.
