

## Temperate guides you through creating a plan for your community from start to finish!

**Explore data specific to your location**

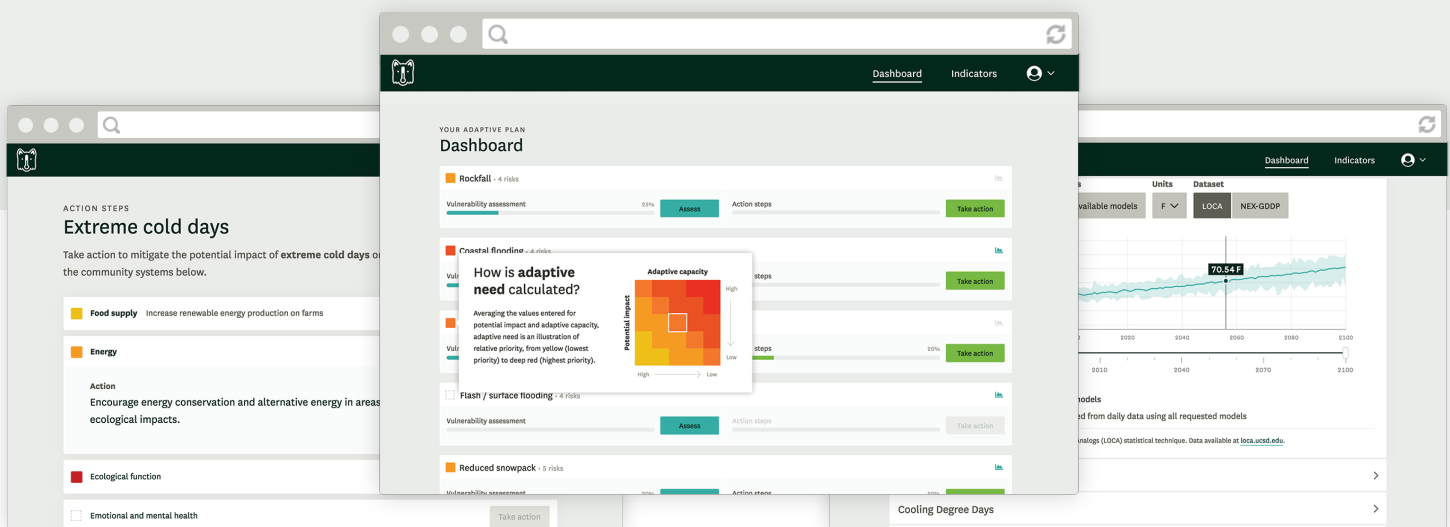

**Collaborate with your team and engage stakeholders**

**Easily create a vulnerability assessment**

**Access strategies from other places**

### Be prepared for resilience

Since 1997, ICLEI has understood the risks facing communities and the steps toward resilience. ICLEI provides technical assistance to cities, towns, and counties in their efforts to adapt to climate change.

### Assistance at every step

With access to hundreds of existing strategies and support from our partners at ICLEI-USA, your custom adaptation plan will be ready to share with stakeholders in no time.
