The screenshot displays the COP27 Presidency website's calendar of thematic days. The navigation bar includes: COP27 Logo, COP27 Presidency, Vision & Mission, Conference, Trip Planning, News, and Media. The calendar is organized as follows:

Date	Thematic Day	Icon	Description
09 Nov	Finance Day	Dollar sign and coin	Finance is the cornerstone for implementing climate actions and scaling up ambition and hence it has been at the heart of the UNFCCC process and the Paris Agreement negotiations. The Glasgow outcomes also reiterated the centrality of finance as a catalyst for progress on all aspects of the global climate agenda and many Parties demonstrated the political will to deliver on
10 Nov	Science Day	Microscope	2022 witnesses several landmark science reports from IPCC, UNEP, and other institutions. Ocean science as well as outcomes from Oceans conferences including the 3rd UN Oceans conference are gaining relevance and linkages to the global climate agenda are evident. The science related to the UNCCD and UNCBD, together with Stockholm+50 are also clearly relevant and interlinked with
10 Nov	Youth & Future Generations Day	Group of people	Ensuring that the voice of Youth and Future Generations is heard loud and clear is one of the objectives of the CoP27 Presidency. Having heard the priorities and concerns of Youth representatives over the past few months, it has been decided to hold a stand-alone day to engage Youth and ensure that their perspectives are taken on board and reflected across all areas of the climate agenda. The day will provide an
11 Nov	Decarbonization Day	Globe with leaf	Since the adoption of the Paris Agreement and all the way to Glasgow in 2021, several energy intensive sectors and companies have come forward with plans and policies and actions aiming to reduce their carbon footprints and to gradually
12 Nov	Adaptation & Agriculture Day	Leaf	Adaptation and Resilience are of crucial importance to all parties and in particular developing countries. IPCC reports including the latest working group II report highlighted the devastating impacts
14 Nov	Gender Day	Gender symbol	The role of women in dealing with all aspects of the climate change challenge is central, crucial and indispensable. Women continue to bear a disproportionate burden from the adverse impacts of climate change, and despite some progress have
14 Nov	Water Day	Water drop	Water is the source of life and livelihoods. Climate impacts on water and the linkages to wider, cross cutting impacts on development and livelihoods are well documented and substantiated by credible scientific reports and analyses including most recently by the IPCC and numerous other institutions. Discussions at the Water Day will cover all issues related to sustainable water
15 Nov	Ace & Civil Society Day	People icon	Climate action requires engagement with, and contributions from all stakeholders. Needless to say, Civil Society is an indispensable partner in the global effort to combat climate change. With this in mind CoP27 will hold a dedicated day to engage Civil Society and to ensure their views and perspectives are integrated in a meaningful manner. Participants will have a platform for sharing best practices and identifying
15 Nov	Energy Day	Lightning bolt	The Energy Day would deal with all aspects of energy and climate change, including renewable energy and energy transformation, with a specific focus on just transition in the energy sector, and Green hydrogen as a potential energy source for the future. It would also include energy efficiency and ways to manage the envisaged global just transition in energy. Renewable energy, smart grids, energy
16 Nov	Biodiversity Day	Three leaves	The day would deal with nature and ecosystem-based solutions. It would also allow the discussion about the impacts of climate change on biodiversity and the means to mobilize the global actions
17 Nov	Solutions Day	Microscope	Possible solutions for the broad array of climate change challenges range from the holistic, cross cutting solutions such as greening of national budgets, or sustainable cities, multilevel action and

At the bottom right, there is a section for the COP27 Presidency Vision (THEMATIC DAYS) dated 06 | 18 November 2022.

- Legacy: Africa is determined to show its leadership in climate action through showcasing its contributions to global movement to tackle climate change, its role in facilitating and mobilizing action at scale, its vision for a just and sustainable future to its people and to the wider global population.

Global Stocktake

Article 14

1. The Conference of the Parties serving as the meeting of the Parties to this Agreement shall periodically take stock of the implementation of this Agreement to assess the collective progress towards achieving the purpose of this Agreement and its long-term goals (referred to as the "global stocktake"). It shall do so in a comprehensive and facilitative manner, considering mitigation, adaptation and the means of implementation and support, and in the light of equity and the best available science.
2. The Conference of the Parties serving as the meeting of the Parties to this Agreement shall undertake its first global stocktake in 2023 and every five years thereafter unless otherwise decided by the Conference of the Parties serving as the meeting of the Parties to this Agreement.
3. The outcome of the global stocktake shall inform Parties in updating and enhancing, in a nationally determined manner, their actions and support in accordance with the relevant provisions of this Agreement, as well as in enhancing international cooperation for climate action.
